EXECUTIVE PROFILE

Executive with considerable industry experience in policy, business strategy, operations transformation and healthcare management.

Chad has held leadership and strategy positions within a range of government, not-for-profit and corporate organisations in Western Australia, Queensland and the ACT.

Chad is a 'systems thinker' who prides himself on being a versatile problem solver and the 'safe pair of hands' in a crisis.

Growing up in the South West region of WA, as a descendant of the Wardandi Noongar (Aboriginal) people, he is personally committed to self-determination, reconciliation and Aboriginal economic development.

EXECUTIVE EXPERIENCE

2020- Senior Project Manager – Indigenous Business Australia, Perth

Chad works within the Products and Markets Division of Indigenous Business Australia (IBA) managing end-to-end projects of strategic importance with a special focusing on investments planning.

IBA was created to assist and enhance the economic development opportunities of Aboriginal and Torres Strait Islander people. It has three core focuses: home loans, business lending and investments.

2019 - Senior Manager – Deloitte Consulting, Perth

Working in the Perth Operations Transformation consulting practice, Chad had a specific focus in supporting healthcare and social care organisations to redefine their operating model, improve their process and enhance their social impact.

Deloitte's Operations Transformation services help clients to reimagine and reconfigure the inner workings of their organization, enabling them to deliver on their corporate strategy, identify and capture new growth opportunities, and to surpass their business objectives.

2018 – A/CEO – Derbarl Yerrigan Health Service Aboriginal Corporation

As Acting CEO, Chad was responsible for the smooth day-to-day operations management in addition to leading business recovery efforts to transition the organization out of financial administration.

Derbarl Yerrigan Health Service Aboriginal Corporation has over 150 clinical and non-clinical staff, an annual turnover of \$15 million and a current database of over 25,000 registered clients.
