Description:

The Tenth Edition of the best-selling text *Campbell BIOLOGY* helps launch you to success in biology through its clear and engaging narrative, superior pedagogy, and innovative use of art and photos to promote student learning.

The **Tenth Edition** helps you develop a deeper understanding of biology by making connections visually across chapters and building the scientific skills needed for success in upper-level courses.

- **New Make Connections Figures** pull together content from different chapters visually, helping you see “**big picture**” relationships.
 - **New Scientific Skills Exercises** in every chapter use real data to build key skills needed for biology, including **data analysis, graphing, experimental design, and math skills.**
 - **New examples show you how our ability to sequence DNA and proteins** rapidly and inexpensively is transforming every subfield of biology.
