Description:

Jekel's Epidemiology, Biostatistics, Preventive Medicine, and Public Health is the only textbook that combines the disciplines of medical epidemiology, biostatistics, preventive medicine, and public health in one convenient resource. Written by renowned epidemiologists and public health experts, this text presents the information you need with a clinical focus, using real-life medical examples throughout. With review questions in each chapter to maximize knowledge retention and target key areas of review, it serves as an **outstanding resource for USMLE prep** - and is **recommended by the American Board of Preventive Medicine** as a top review source for its core specialty examination!

- **Grasp and retain vital information easily** thanks to quick-reference boxes that showcase key concepts and calculations; succinct text; and dynamic illustrations that facilitate learning in a highly visual approach.
 - **Spend more time reviewing and less time searching** thanks to an extremely focused, "high-yield" presentation.
 - **Deepen your understanding** of complex epidemiology and biostatistics concepts through clinically focused, real-life examples.
 - **Gauge your mastery of public health concepts and build confidence with case-based questions** - now accessed online for a more interactive experience - that provide effective chapter review and help you target key areas for further study.
 - **Keep up with the very latest in public health and preventive health** - areas that have shown great growth in recent years. New coverage includes the epidemiology of mental health disorders, disaster planning, health care reform, and the 'One Health' concept that highlights the indelible links among the health of people, other species, and the planet itself.
 - **Access the complete contents online** at **Student Consult**, plus additional tables and images, supplemental information on the One Health Initiative, the latest childhood immunization schedules, chapter highlights in PowerPoint, 300 multiple-choice chapter review questions and answers, a 177-question comprehensive review exam, and more!
